SWITZERLAND FLY-IN 2017 - LAUSANNE

AUGUST 17 – 20, 2017

Dear IFFR members

According to the agreement with our friends from the German-Austrian section, our Swiss section organises a fly-in every two years. This year's meeting will therefore take place from 17th till 20th of August in the magnificent region of the « romandie », more specifically in the Lausanne area. You are cordially invited to participate at this prolonged weekend that promises to leave you beautiful souvenirs.

The Lausanne region is very well known due to its particular geographical situation along the majestic lake of Geneva surrounded by mountains and its particular climate. It is a fast growing region. The magnificent wine-making country of Lavaux is registered on the UNESCO world heritage since 2007. This French-speaking region of Switzerland also promises us gastronomic pleasures.

We have set up a program which we think is attractive to all and we invite you to participate from Thursday on to take full advantage of it. You can join Lausanne either by privat plane, by commercial carrier via Geneva, by train or by car. The Lausanne airport, LSGL, is VFR classified, but a breakout if possible with an ILS approach to Geneva. Additional aeronautical information will be provided as soon as we receive your registration and the payment(!).

We are delighted to welcome you in the Lemman region to spend interesting, pleasant and friendly moments. We expect your registration before **May 30th, 2017** so that we can refine our program. The number of participants being limited, we invite you to register quickly, and as they say *first come first serve*.

Cordially.
